

- Space saving and lightweight temporary road sign system.
- Significant benefits regarding vehicle capacity and payload.
- Unparalleled stability - designed to flex in strong gusts.
- Two-piece product very quick and easy to deploy, with no fiddly fixings.
- Small footprint makes TriFlex ideal for works in urban areas.
- Arrow-cell embossed prismatic sign faces exceed EN12899, Class ref 2.
- Stands produced from zinc flo-coated square section steel. Sign panels produced from reinforced flexible PVCs with fibre-glass spine and ribs.
