Blue Maxilite

Blue Minilite with Spigot

Product Codes: PTH37PC - Maxilite  
PTH26PC - Minilite

## ROAD WALL

The road wall is a versatile traffic barrier system, manufactured to an extremely high quality level.

The system incorporates a unique captive pin linking system, which enables straight or curved configurations to be created.

The units measure 164cm in length by 65cm in height and 45cm in width.

The system has the facility to be weighted with either a sand ballast or water via threaded filler at the top of the roadwall. It also has a lower plug for easy drainage.

The system incorporates slots for ease of sighting with a forklift and has an integral lamp recess for twin battery road hazard lamps.

Product Codes: LD1.0MTR - 1 Metre  
LD1.1 - 1.1 Metre  
LD1.5 - 1.5 Metre  
LD1.75 - 1.75 Metre  
LD2MTR - 2 Metre

# TRAFFIC MANAGEMENT
